CATEGORIES

MISSION AND VISION

M: Create coaching relationships with gritty student-athletes to help them learn a mental framework for success and inspire them to impact others

V: A national community of 5P Leaders* influencing a culture and uniting the people around them

WHERE TO ASSIST

There are a vast number of opportunities to assist. The success of our organization is driven by volunteers in categories such as events, marketing, programming, school, stewardship and student development. Read more about the particulars of each role in the [volunteer table](#).

WHOM WE IMPACT

We partner with schools in our participating regions to identify student-athletes. These student-athletes are paired with successful professionals and students from five other schools to form their "team".

The catalyst for successful implementation of our mission and vision is the people involved. A critical infrastructure of volunteers is needed to successfully execute our program's duties.

VOLUNTEER CATEGORIES

Events

Critical for event operation, event volunteers carry out important duties such as **greeting, checking-in, merch table, etc.** An experienced **photographer/videographer** is needed to provide robust content.

Marketing

Volunteers are needed for critical organizational components such as **social media, web development and merchandise design.**

Programming

Support our mission by providing critical functions such as **scheduling, school support, and team evaluation** - all essential pieces for an organized operation.

School

Our **school ambassadors** conduct the vast majority of our school relations as liaisons between their assigned school and Handshake America.

Stewardship

Engage our donors and alumni by offering to support us in these efforts.

Student Development (Coach)

Coaches work with students to provide the mental framework for success
